The Vidarbha Youth Welfare Society's Prof. Ram Meghe Institute of Technology & Research (Badnera) Amravati (Formerly- College of Engineering, Badnera) was established under the able chairmanship of the Late Prof. Ram Meghe in 1983 for education in the field of Engineering & Technology with the professional and able support of our committed management, The predominant aim and objective of our institute is to transform young students into capable engineers, sound in fundamental knowledge, high in level of professional and personal competence with a ready employability in responsible engineering assignments. Further objectives of institute is to foster in student a spirit of free disinterested enquiry, to instill in the minds of young learners, a sense of purpose and to help them to develop a balanced integrated personality. The college is approved by All India Council for Technical Education (AICTE) New Delhi. The Institute is affiliated to Sant Gadge Baba Amravati University and approved by DTE, Govt. of Maharashtra. The institute is one of the few institutes in India accredited by National Board of Accreditation (NBA), AICTE. The institute being the first private Engineering College to have started approved Post Graduate Courses in various streams and first distance education of IIT Mumbai (CDEEP) in our region. All departments have been recognised for carrying out Doctoral Research Work by the University. Due to the latest state-of-the-art equipments, laboratories and our long standing as quality conscience institute, many of our departments have been approved by various Govt. and Semi-Govt. agencies for material and equipment testing and certification.

Our professionally planned campus bedecked with beautiful gardens and trees at the foot hill of green hills, sprawls over more than 20 acres of land in a serene, pollution free location, away from the hustle and bustle of the city yet excellently connected to it. It thus provides an Ideal ambience for Education.

As a socially conscious Institution, we also hold Blood Donation Camps regularly which is giving Blood Donation Movement in this region a great impetus. Govt. of Maharashtra has also recognised our service in this field and honoured us with Awards for five times.

TECH-KNOW 23rd & 24th FEB. EXPERTS 2012

A Festival Of Ignited Minds!

The objective of this technical festival is to provide platform to the budding engineers from various institutions of India, who are interested in multi disciplinary fields. This platform helps to exchange the views about latest technology and information interchange between researchers and developers working in different technical fields. It is aimed at making aware the SHETKARI (Farmer) about Information & Communication Technology (ICT) and also to incorporating entrepreneurship culture in them to cater rural economy into mainstream national economy.

We are confident, when students En_{gg} Joy **TECH-KNOW EXPERTS 2012** in real sense of word.
